Mountain Rejuvenation

Fresh off the slope of an expansive, multimillion-dollar transformation, **THE WESTIN SNOWMASS RESORT** in Colorado recently unveiled its incredibly sleek redesign. In addition to new modern-rustic guest rooms, chic public areas, the world-class spa and a ski-in/ski-out restaurant, the resort has staged itself as a swanky playground for both thrill-seeking spirits on the hunt for adventure and weary souls seeking respite and rejuvenation.

Although the resort acts as a base for all-season adventures, it shines as a wintry escape

where guests can step out the door to conquer Snowmass, one of the state's most prized ski mountains, via skiing or snowboarding, guided hiking tours and more. Guests looking to unwind can enjoy luxurious spa treatments, decadent meals set amid breathtaking backdrops and exclusive concierge-inspired excursions (like hot-air-balloon rides above the village) before burrowing in to a plush, 250-thread-count-draped bed that overlooks the powdery slopes. *From \$139, www.westinsnowmass.com*

*Seems like there's an app for everything these days — including one to help you find the app you need. It's called **APPSFIRE**, and it's your guide to the 700,000-plus offerings in app stores. Just tell it what you're after — a good travel app, for instance — and Appsfire brings up options based on users' interests and ratings drawn from different criteria across the web. Sight for Sore Eyes

It's in the female genetic code to always be prepared — take packing an extra pair of glasses when traveling, for example. You know, just in case. But on the rare chance you don't and a mishap strikes — say, someone sits on your glasses — what do you do? Turn to **RIVET & SWAY**, an online retailer of women's glasses, to save the day. Current Rivet & Sway customers can call or send an email to request a replacement pair, which will arrive wherever you are in two business days via FedEx, guaranteed, for \$199 inclusive. For new customers, visit the company's website to choose your frames. If you don't have your prescription handy, you only need to provide your doctor's contact information. Rivet & Sway will get your prescription straight from the source. Either way, your frames, complete with ultrathin, lightweight, high-index prescription lenses and scratch-resistant and glare-free coatings, will arrive within five business days for the same cost.
